These courses are packed with priceless information and knowledge that will help you to grow as an investor. The courses contain excellent overviews of investing in the share market, with many great easy to follow examples of key topics.

The course material was developed and will be presented by **Bill Dodd** who is a director of the AIA and an active private investor.

Bill is a retired academic who resigned 16 years ago to become a full-time private trader/investor.

The courses are aimed at people wanting to learn more about the stock market and are available to both AIA members and non members.
